

BETTER TOGETHER

A MONTHLY NEWSLETTER FOR THE PROSOCIAL WORLD COMMUNITY

SEPTEMBER 2020  ISSUE NO. 11

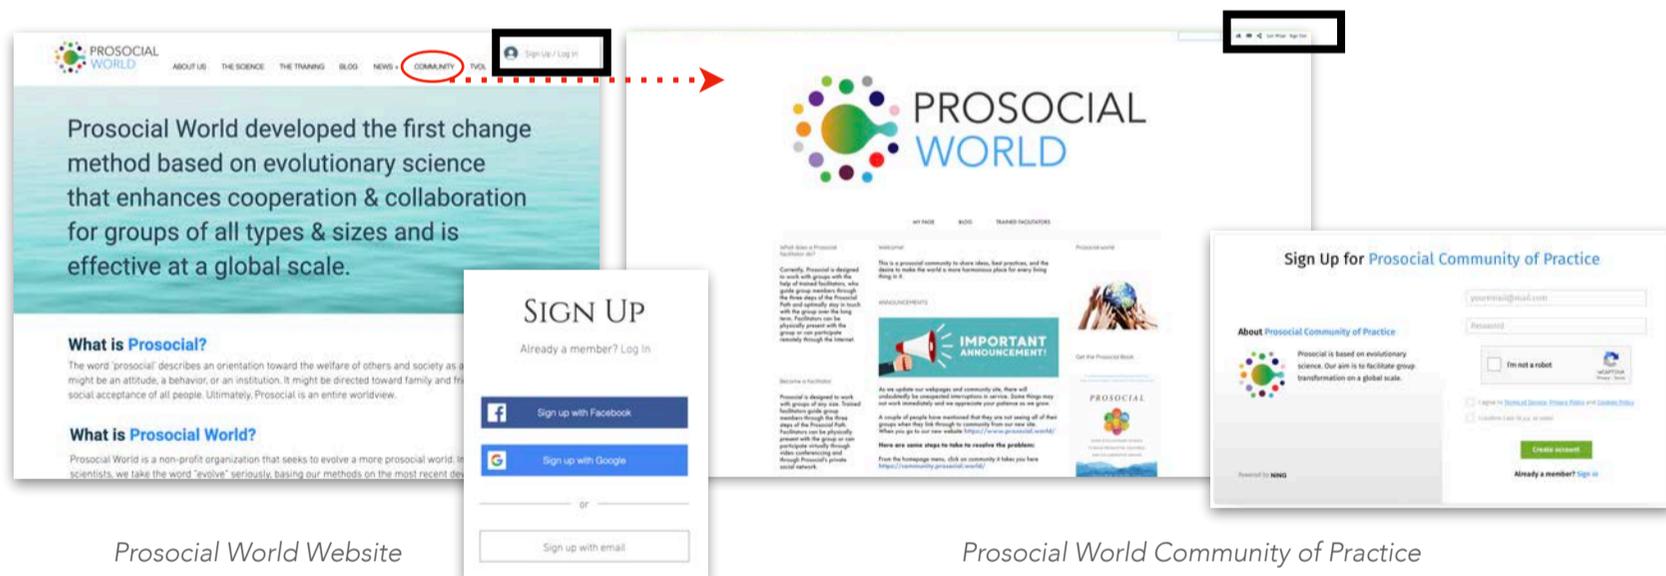

WHAT'S NEW?

Many of you have had a chance to check out the new website at Prosocial.World and have sent us your feedback. We appreciate your input and patience as we work through integrations with the different platforms being used for various elements, such as the Facilitator Training and the Community of Practice. As we continue to grow, some things may not work immediately but please know most issues can be fixed with a refresh of your browser and clearing your cache. If that sounds like a foreign language, you can click [here](#) to learn how under "Important Announcement!"

We also realize there may be some confusion between the Prosocial World Website (www.prosocial.world) and the Prosocial World Community of Practice (<https://community.prosocial.world>). **What's the difference?**

www.prosocial.world is our general public website to help people understand prosocial behavior, Prosocial World's vision, and the benefits of the Prosocial ARC Process, which we learn through the facilitator training. If you go to www.prosocial.world and click the "community" link from the menu bar (shown below circled in red), you are taken to the community of practice, which is shown on the right. The Community of Practice includes people who want to be involved in different groups to share best practices and contribute to the overall growth and performance of the Prosocial ARC process. Anyone can join the Community, but most people join once they have taken the Prosocial Facilitator Training.

You'll want to sign up on both sites. You can do this where indicated in the black squares above. When you sign into the Prosocial World Website, you will get updates whenever new content is published. When you sign up for the Prosocial Community of Practice, you are able to join groups and interact in forums with community members.

We're working diligently to integrate platforms to accommodate one sign in for everything in the future. That upgrade will be available in early 2021.

Please reach out to lori.wiser@prosocial.world with questions or if you need any assistance.

SPREADING THE WORD

The development team has been very actively participating in events and speaking engagements to help spread the word about Prosocial World. In late August, VoiceAmerica's "The Convergence" program interviewed New York Times best-selling authors about the book [Our Moment of Choice: Evolutionary Visions and Hope for the Future](#). The program was hosted by VoiceAmerica's Dr. Kurt Johnson who co-edited the book with Robert Atkinson and Deborah Moldow.

The hosts greeted some of the book's authors, along with award winning authors David Gershon, Karen Newell, and David Sloan Wilson to discuss issues such as climate change, economic inequality, pandemics, environmental collapse, social upheaval, nuclear weapons — all converging global crises threatening the very survival of humanity. In today's interdependent global culture, it's up to all of us to make conscious choices for a shift toward hope for the future. [Listen here](#)

**TRAINING
SPOTLIGHT**

Coming Soon! Marketing Prosocial!

In order for more of us to help spread the word about the power of the Prosocial ARC Process and the CDPs, we will be offering a Marketing course that can be taken after the Facilitator Training. Marketing Prosocial will help newly trained facilitators take the next steps in promoting the new tools and skills they learned to help more people in need.

**CHECK PROSOCIAL.WORLD AND THE
COMMUNITY LINK FOR UPDATES!**

On Sunday, October 4th, David Sloan Wilson will be speaking at the Building the New World Summit. This conference will focus on a complete transformation of interconnected systems - **in every Sector of Society**.

We believe that in order to Build the New World, humanity must quickly shift from:

- Imperialism to Social Democracy
- Materialism to Altruism
- A global War System to a worldwide Culture of Peace
- Unsustainable Environmental Destruction to Resilient Organic Networks
- Religious Separation to the redeeming state of Spiritual Unity
